In Pittsburg, Tuesday, with the thermometer at 87, there were twelve or fifteen deaths from sunstroke. In Wilmington, a few days since, with the thermometer at 100, there was not even a prostration from heat.

William Randolph Hearst, who is contending for a recount of the vote for mayor of New York under the "recount bill" passed by the New York legislature, won another victory over Mayor McClellan on Tuesday, when the appellate division of the Supreme Court denied the application of McClellan's counsel for a writ prohibiting a recount. It is said a recount is certain whether it shows McClellan to have been elected or not.

The explosion on the Battleship Georgia on Monday, by which nine men were killed, and some 15 men terribly injured, recalls the record of other catastrophes in our Navy. On January 18, 1903, a charge of powder exploded in an eight-inch gun on the Massachusetts, killing nine enlisted men. April 9, 1903, a twelve-inch gun on the Iowa exploded during target practice, killing three enlisted men and wounding four others. April 13, 1904, a terrible accident occurred on the Missouri, when by a "flareback" an explosion was caused which resulted in the death of five officers and twenty-six enlisted men. April 13, 1905, an explosion in one of the six-inch turrets of the Kearsarge severely wounded three men.

BEACH VALUES FIXED

Real Estate Assessments at Wrightsville Resort Less Than $150,000 on Books.

BOARD OF EQUALIZATION

Visit Yesterday For Purpose of Arriving at Property For Taxation. Hotels and Cottagers Get Off Light—The Returns.

Pursuant to adjournment on Tuesday afternoon members of the County Board of Equalization went to Wrightsville Beach on an early car yesterday morning and made a re-assessment of real estate for taxation at that resort, the figures being arrived at from a personal inspection of the property. This was requested some time ago by Mayor J. A. Arringdale, who pointed out that there were many inequalities and that all the property there should be put on an equal footing. The Board completed its labors after several hours and returned to the city with a list of the assessments which will be transcribed on the books of the county.

It will be surprising to many to know that the total of real estate values on the narrow strip of land known as the beach is less than $150,000; in fact, in round numbers the amount is $138,000. Of course it must be considered that in arriving at the values the Board had to consider the fact that the property was tenantable only a few months in the year and that from the nature of the case, it could not be considered as permanent as the mainland, but nevertheless it is surprising to know that the valuation is so small. The work yesterday was done carefully and consistently and the values as arrived at are as follows:

BEGUN HIS INVESTIGATION

Mr. J. L. Ludlow Represents City and Mr. Hazen, the Clarendon Water Works in Negotiations for Purchase of Plant.

Mr. J. L. Ludlow of Winston-Salem, an engineer of National reputation who has several times before represented municipalities in their negotiations for municipal ownership of public utilities, notably Charleston, S. C., only a few years ago, has arrived in the city and yesterday begun his investigation of the plant of the Clarendon Water Works Company, which the city proposes to buy here if it can be obtained at a reasonable figure, the same to be enlarged and extended and operated as a municipal property. Mr. Ludlow came at the request of the Water Committee of the Board of Aldermen which has the negotiations for the purchase of the plant in hand. Mr. Ludlow will make a thorough examination of the property and report to the committee, which in turn will transmit the report with a recommendation to the Board of Aldermen. If it is decided to buy, the plant will be purchased and then all the affairs of the property will be turned over to the Water and Sewerage Commission recently established by the Legislature in the act authorizing the city to vote bonds for the ownership of these utilities.

Mr. Ludlow yesterday morning held a conference with Chairman T. W. Wood, of the Water Committee, and Mayor William E. Springer. In the afternoon he was taken for a trip out to the plant of the company at Hilton by Superintendent W. F. Robertson and was shown every courtesy by Captain Robertson and Engineer Sweeney. He will continue his investigations from day to day, confining his inquiry into conditions not only with reference to the existing plant, but also as to sources of water suppy in case it is decided not to buy the old plant but to put in a new one. The possible sources of a water supply suggested to Mr. Ludlow are deep wells, the river and Silver Lake, situated about five miles from the city in a southeasterly direction. All these matters will be fully covered by Mr. Ludlow in his report after the investigation which will consume several days yet.

The Clarendon Water Works Company will also have an engineer to represent them and have secured the services of Mr. Hazen, an expert on construction associated with Mr. Whipple in New York. Mr. Hazen cannot reach Wilmington before next week and will not have an opportunity of conferring with Mr. Ludlow but will make an independent examination for the company.

Chairman Wood stated yesterday that he hoped to make a report to the Board of Aldermen at the first meeting in August.

LOCAL ELKS AT PHILADELPHIA

Wilmington, Fayetteville and Newbern Strong—Some "Notables."

The Philadelphia Inquirer of Monday was a souvenir edition of the great Elks' re-union in that city and copies of that date have found their way back to Wimington. It is pleasing to note that Captain "Jim" McNeill, president of the "Pennsylvania State Firemen's Association"; Dr. Charles T. Harper, "State Superintendent of Health," and Mr. E. I. Bear, "the crack long-distance swimmer of the United States" are all present. No mention is made of the presence of Joe Schadd, "Fox" Howard "State Treasurer" Green or Herr Joe Leitner, but it is presumed they are all there by a large majority. The Inquirer says:

"A delegation of more than 200 Elks from the Carolinas arrived at West Philadelphia Station about 2 o'clock yesterday afternoon. Included in the herd were ten members from the baby lodge of the order, instituted at Fayetteville, N. C., on Tuesday last. They were in charge of their Exalted Ruler, James D. McNeill, who is also president of the Pennsylvania State Firemen's Association. Twenty members from the Wilmington, N. C., lodge, led by I. W. Solomon, Past Exalted Ruler, were in the delegation. Among the Wilmington party were Emanuel I. Bear, the crack long-distance swimmer of the Tarheel State, and Dr. Charles T. Harper, the State Superintendent of Health.

"Captain Thomas C. Daniels, who is at the head of the North Carolina State Naval Militia, was in charge of the sixteen members from the Newbern Lodge."

WRIGHTSVILLE DAIRY SOLD.

Property on Sound Bought by Messrs. M. and B. Bloome.

By deed filed for record yesterday Kurt Diederich and wife, of Cicil county, Maryland, transferred to M. Bloome and B. Bloome, for $4,500 the Wrightsville Dairy property which he recently purchased from Mrs. F. G. Pritchard, on Wrightsville Sound. The property consists of 13 acres of land, including barns, stables, etc., all dairy furniture and all the personal property and effects of the dairy with something like 50 head of cows, heifers and calves. Mr. Diederich and wife have returned to their former home in Maryland and the Messrs. Bloome have taken charge of the business.

By another deed filed for record yesterday, Benj. Bloome transferred to Sybil Diederich, wife of K. Diederich, for $1,100, property on south and west side of the Two mile Branch in Harnett township, the number of acres not being given.

THE ANSON LYNCHERS

Testimony For The Defence in The Trial in Progress at Monroe, N. C.

TESTIMONY OF KENDALL

Effort to Discredit Man Who Turned State's Evidence—Judge Peebles Wrathy With Witness Who Signed Communication.

Charlotte, July 17.—The defense in the case of the twenty citizens of Anson county, charged with the lynching of J. V. Johnson, at Wadesboro, the night of May 28th, 1906, now in hearing in Union County Superior Court, today began the introduction of testimony tending to impeach the evidence given by witnesses for the State.

T. R. Tomlinson, the officer who arrested H. D. Kendall, Sr., the member of the mob who turned State's evidence testified that Kendall told him that he (Kendall) was at home on the night of the lynching; that late that night he heard the noise made by the crowd passing his house and went out to his gate to investigate but could not recognize any member of the mob.

C. J. Gathins testified that, aroused by the noise made by the lynchers, he went to a point near the jail but saw no one on horse back. Kendall testified that he rode to the jail with the mob. On cross examination witness admitted that the night was so dark he could not have seen a horse if one had been there. Several witnesses testified in refutation of Sheriff Bogan's testimony that the sheriff had stated to them that he did not recognize any member of the mob the night of the lynching. Bogan stated on the stand that he had given evasive answers to several inquiries as to his recognition of the lynchers for reasons of personal safety, threats having been freely made against the State's witnesses prior to the first trial.

Other witnesses swore to the alleged bad character of the senior Kendall, but admitted once in his examination that they considered his character good prior to the lynching.

The most important witness for the defense, John Jones, one of the indicted men, denied emphatically taking part in the lynching. He accounted for whereabouts the night of the crime and his testimony was corroborated by his brother-in-law, W. T. Owens.

C. C. Moore, register of deeds for Anson county, and several others of the defendant's chief witnesses, admitted relationship to the defendants. Several testified to contributing to a fund to employ counsel for the defendants. Moore admitted the authorship of a communication in a local paper, numerously signed, published a few days after the lynching, setting forth the bad character of the man who was lynched, and declared that the object of the publication was to let the world know what manner of man had been lynched.

Just prior to adjournment Judge Peebles, after dismissing the jury from the court room, stated with great feeling and emphasis that the publication of the article mentioned was contept of court and that every one of the signers of it should be punished. The court then causually critcised the witness, Moore, for having taken part in a proceeding prejudicial to the peace and dignity of the community while holding a position as an officer of the county.

The defense has over fifty witnesses and several days may be required for the examination of these.

WILL OF MRS. M'RARY PROBATED

Her Large Estate Left to Her Sister, Miss Rowe Wiggins.

The will of the late Mrs. P. M. McRary, reputed to have been the wealthiest woman in North Carolina, was admitted to probate by her counsel, Junius Davis, Esq., at the office of the Clerk of the Superior Court yesterday. The will was signed in the presence of Dr. George G. Thomas and Mr. William Calder on February 16th, 1903 and the entire estate is left to the sister of the deceased, Miss Rowe Wiggins, who is named as the executrix of the will. The probate merely states that the property is worth "above $50,000" and includes holdings of real estate in Wayne, Warren, Halifax, Granville and New Hanover counties. It is known that Mrs. McRary also left a large estate of stocks and securities but no reference to these except in general terms is made in the will.

ELKS AT PHILADELPHIA

Official Returns From Election Held Tuesday Night—Establish Flag Day—Color Line Drawn—Newark Lodge Reprimanded.

Philadelphia, July 17.—The complete and official returns of the election in the Grand Lodge of Elks, held in this city yesterday, were announced today as follows:

Grand Exalted Ruler—John K. Tener, Charleroi, Pa.

Grand Treasurer—Edward Leach, New York.

Grand Esteemed Loyal Knight—W. T. Leckie, Dowaiac, Mich.

Grand Esteemed Leading Knight—John D. Shea, Hartford, Conn.

Grand Esteemed Lecturing Knight—Bayard Gray, Frankford, Ind.

Grand Secretary—Fred C. Robinson, DuBuque, Iowa.

Grand Trustees—Thomas B. Mills, Superior, Wis.; Thomas F. McNulty, Baltimore, and Mayor Charles G. Schmidt, of Wheeling, W. Va.

Grand Tiler—James Foley.

Grand Inner Guard—E. M. Taylor.

During the sessions of the Grand Lodge it was decided to establish a flag day for Elks on June 14. A resolution was adopted calling for the appointment of a commission to devise ways and means to prosecute outside users of the Elks emblems. A subsequent resolution calls for the appointment of a commission to confer with Congress to find means to prevent the use of the emblem.

The Memphins lodge was authorized to prosecute the negro Elks of that city. In this connection a resolution was passed reprimanding the Newark, N. J., lodge for electing a man said to be a negro. A further measure instructs the Grand Exalted Ruler to order the Newark lodge to investigate the man's antecedents and if it be found that he is of negro extraction to expunge his name from the rolls.

The most spectacular features of the day's events were the massed band parade in which the visiting musical organizations played under one leader as they marched through the court of honor, and the competitive drills by marching clubs of different organizations. The Toledo, Ohio, "Cherry Pickers" and the Detroit Turkish Zouaves, or Oriental Cadets, were the stars in this event. The big parade will take place tomorrow.

HE PLEADED MANFULLY

Umbrella Mender Found Asleep on Bridge Sent to Roads.

Henry Wilson, colored, an umbrella mender found asleep at 2:30 o'clock yesterday morning by Officer J. B. Hall, on the Carolina Central bridge at Fourth and Taylor streets, was before the Mayor yesterday at noon on a charge of vagrancy. He pleaded manfully that he was a "working man" but the Mayor was disposed to believe that a large bundle of old umbrellas that he carried was perhaps a blind for his operation as a sneak thief or porch climber and he was sent to the rock pile for 30 days. He had $1.39 on his person when arrested, sprawled out on the bridge mentioned. Several officers besides Mr. Hall testified that they had seen Wilson loafing about the streets with a bundle of old umbrellas on his back and the Mayor thought he was a pretty good character to get out of town.

The only other case yesterday was that of Lou Bell Davis, arrested for drunkenness and disorderly conduct in the "hell's half-acre" in the alley across from Front street market house. She had been in court many times but not in the last two years and in consideration of her seeming effort to reform she was let off with a fine of $5 and costs.

PAL VAUGHN ARRESTED.

Well Known Printer Charged With Assault and Vagrancy.

Yesterday afternoon about 4 o'clock a telephone message from a neighbor's house summoned Hall Officer E. L. Smith to the home of Pal Vaughn, a well known printer, living on Walnut beweet Third and Fourth streets, the statement having been made that he was beating his wife. Arriving at the home, Mrs. Vaughn admitted to the officer that her husband had slapped her and the effects of the blow were plainly to be seen on her cheek, but she did not want to appear against the man, stating that he was drinking and had been on a spree for some time and was not at work. Officer Smith arrested Vaughn and locked him up at the police station, preferring charges of assault and vagrancy against him and entering the name of Mrs. Vaughn as a witness against her husband. Whether she will appear against him today at noon before the Mayor remains to be seen.

Vaughn is a good fellow at heart and two or three times has made a manful fight against "booze," but the "booze" has generally won in the long run. It was only a few months ago that he took one of the liquor cures and was preparing to take another when he fell into the hands of the police. The case will present itself in the shape of a knotty problem for the Mayor today.

Market Street Excursion.

The annual excursion of the Sunday School of Market Street Methodist Church will be run to Carolina Beach today. The steamer Wilmington will make two trips for the outing, leaving the city at 9:15 A. M. and 2:45 P. M. and, as usual, the event will, no doubt, be a big success.

THE RAILWAY FIGHT

Judge Long in State Court Peremptorily Orders Defence to Trial To-Day.

JUDGE PRITCHARD COMING

Will Hear Petition For Writ of Habeas Corpus For Southern's Ticket Agent — Other Indictments. Spat Between Counsel.

(By Associated Press.)

Raleigh, N. C., July 17.—After a day of argument from counsel for T. E. Green, ticket agent and the Southern Railway, pleading for a continuance of the criminal case against them in the Superior Court here presided over by Judge B. F. Long, on the charge of violating the State railroad rate law, the court overruled all motions and ordered the trial to proceed in the morning. General Counsel A. P. Thom, of the Southern Railway, is here from Washington with the other counsel. Pleas for delay so as to prepare the case, for want of jurisdiction, for the unconstitutionality of the law, for quashing of the indictments for defects, were made. Judge Long overruled each motion and Green's counsel sat mute. Judge Long then directed that a plea of "not guilty" be entered and the trial to proceed tomorrow.

After the argument during the morning for delay, the court took a recess till twelve o'clock. Twenty minutes before this time Judge Long convened court again and ordered the custody of Mr. Green, who had been in jail all night, taken from the sheriff and held Green in the custody of the court. This step is understood to be taken so as to prevent a writ of habeas corpus from the Federal Court for Green to be served.

A telegram from Asheville says that Judge Pritchard is on the way to Raleigh having mailed the writ on an earlier train.

The order of Judge Long at noon, summoning the prisoner from the custody of the sheriff and placing him directly in custody of the court so that he cannot be touched by a Federal injunction, in the opinion of State's counsel, was a great surprise. The prisoner was released with instructions to attend the daily sittings of the court from day to day until discharged. The trial of Green will begin this morning at 11 o'clock.

Judge Pritchard will arrive here on an early morning train to hear the habeas corpus petition presented for their agent by the Southern's counsel and the convening of the State court at 10 o'clock will be watched with interest in connection with any action that Judge Pritchard may take. What will be the course to be pursued by Judge Pritchard remains to be seen but it is believed that he will in some way take the custody of the prisoner on the ground that the whole matter is at issue in his court and that the proceeding in the State court at this stage of the testing of the constitutionality of the rate act has no standing.

An indictment for violating the State rate law was this afternoon found against General Passenger Agent Tayloe, of the Southern Railway.

(Special Star Correspondence.)

Raleigh, N. C., July 17.—When Superior Court convened this morning ex-Governor Aycock, and E. J. Justice, Counsel prosecuting Agent Green and the Southern appeared and lodged a motion for immediate trial of the prisoner on the ground that there was a move on the part of counsel for the defence to stave off the trial until process from the Federal Court could be obtained to take the jurisdiction from this court. Ex-Judge A. C. Avery, for the prisoner argued that he was simply asking time to prepare for the defence, a thing they had as yet had no time to do. E. J. Justice, of counsel for the prosecution, attempted to interrupt Judge Avery in his remarks and was told by Avery in a sarcastic tone that he was not there preparing any material for the next campaign, but solely for the purpose of defending and maintaining the rights of his client.

Judge Long stated from the bench that if it was the purpose of counsel for the Southern to impede and delay the court and in the end deny the jurisdiction and strive to have the prisoner taken from this court by a process of the Federal Court, then no time would be allowed. F. H. Busbee, for the Southern, said he would state for the information of the court that he had been preparing a plea to be filed in this court but as to whether it would be approved and used by the general counsel for the Southern when they came together, he could not promise.

Judge Long said: "The question is, do you propose to recognize the jurisdiction of this court or will you seek to thwart this court's proceedings."

The answer was that the defence might, after consultation, file a plea as to jurisdiction, but no pledge not to take the case to the Federal court could be obtained.

Finally Judge Long announced that he would call the case for hearing at 12 o'clock thereby closing the contest for the present.

The Governor Misquoted.

Governor Glenn stated this morning that reports published that he had

DEMOCRACY WELL DEFINED.

The New York World which has long had a standing query, "What is a Democrat?" is recommended to a careful consideration of the speech made by the Hon. John H. Bankhead when he accepted the nomination for Senator at the hands of the Democratic caucus of the Alabama Legislature some ten days ago. Col. Bankhead for some years was in Congress from an Alabama District, but in the last election was defeated by Captain Richmond P. Hobson. Since the caucus nominated him for the Senate, the Legislature has elected him and he will succeed the late John T. Morgan in the upper house of Congress.

In his speech of acceptance, Col. Bankhead declared the faith that was in him as a Democrat, and it pretty well defined what a Democrat is from the Southern standpoint. The new Alabama Senator declared that he is a Democrat because he believes in the greatest personal liberty consistent with the rights and privileges of others; because he believes in home rule and the right of the State to regulate its own internal affairs without interference or dictation from the national government; because he believes in equal and exact justice to all persons and interests; because he is opposed to a high protection tariff which enriches the few at the expense of the masses and is the parent of trusts and the breeder of monopolies. He also denounced the government ownership of railroads, which he declared was absolutely undemocratic and a positive meanace to the life of the republic. On the government ownership proposition Col. Bankhead took this strong position:

"When the government owns the railroads who will direct their management? Men skilled in the business or repudiated politicians? The latter of course.. The railroad system of the country would become a political asset controlled by the party to perpetuate its own corrupt rule. Graft would be the watchword and conditions intolerable would result. Is the railroad map in Alabama complete? Have we all the railroads we need for the development of the matchless resources of the State?

"Who are to build the new roads so much needed? Will private capital build them for the government to take them over for operation? Surely not. Does any one taink that the government would build a mile of new road in Alabama during the next quarter of a century? The location and construction of new roads would depend upon political pull. All minor officials would be appointed under civil service rules. Many officers, ticket agents, train and Pullman conductors would be negroes; the separate car for whites and blacks would be abolished and thus accomplish by railroad ownership that which the government has not been able to bring about by statutory enactment or a constitutional amendment."

Col. Bandhead plumbs the line pretty well on the government ownership fallacy but he is mistaken in his idea that government owned railroads would fall to the management of "repudiated politicians." He should have said that the management would fall into, the hands of the scheming and successful politicians and their henchmen, for the repudiated variety will be left out of the game. It will be the genuine kind that will get his feet in the feed trough and who will back himself up by less inconsepuential feeders who, knowing on what side their bread is buttered,would be at his beck and call and know what to do when the boss feeder would crack his whip. However, what's the use in wasting time discussing what the American people would repudiate as the most reckless folly?

Nevertheless the opportunity arises to point to Col. Bankhead's utterances to show that he is "sound on the goose" and in a brief way presents the Southern idea of government ownership or other paternalistic and centralizing measures.

THE COTTON CROP.

The New Orleans Picayune goes to great expense and takes pains in securing accurate information concerning the progress of the cotton crop. That paper is good authority on the subject and it generally gets close to the facts.

The Picayune's summary of the crop says the past week has been a highly favorable period for all the staple crops. Temperatures have been seasonable and rains have fallen in practically every portion of the South being particularly copious where they had been previously most needed. A few localities even report a superabundance of moisture. Taken altogether the past week has been the most favorable of the present growing season, and the effect on the crops has been correspondingly beneficial.

As far as the cotton crop is concerned the continued good weather has brought about a steady improvement. Ir most sections the plant is reported as still backward, although it is generally admitted that it has recently made up some of the lost time. There is still complaint of irregular stands, and that planted early, and which withstood the bad weather of April and May, showing good development. Just how much continued good weather can restore the crop to normal size and maturity remains to be seen. At the moment the general verdict is that it is more or less late in all districts.

The poorest reports as to the progress of the crop come from Texas, where a long, dry spell undoubtedly retarded the growth of the plants. This drought has now been broken by copious showers, but the pessimists claim that the impetus to the propagation of boll weevils given by the showers will more than offset the favorable influence on the plants. As rain was needed in Texas it has undoubtedly been beneficial in spite of the boll weevils. The lateness of the crop everywhere,however,will undoubtly make the weevil pest a more formidable obstacle to contend with than it has been for several years past.

There is much speculation as to the area originally prepared for cotton which has been abandoned owing to the late spring and scarcity of labor. In Texas it is reported that the acreage compared with last year has been increased, although it is probably not as large as it might have been had the planting season been more propitious. In other parts of the belt there has undoubtedly been some abandonment of acreage that it was originally proposed to seed in cotton, but the decrease in acreage compared with last year is small if there is any decrease at all. The good prices ruling for cotton have undobutedly encouraged the planting and cultivation of all acreage that could be profitable worked.

CURRENT COMMENT.

—In a few short weeks it will be time once more for all the chorus ladies who have not become engaged to millionaires to go back to rehearsals.—Washington Star.

—In a recent issue the Atlanta Georgian informs its readers how the phrase "the almighty dollar" originated; but no doubt its readers would have been better pleased with a hunch as to how to get hold of it a little easier.—Washington Post.

—The suggestion is ventured that Secretary George B. Cortelyou will be an important factor in the Republican national convention of 1908, and stands a pretty good chance to get the nomination. There is a report in Gath that the Postoffice Department is solid for Mr. Cortelyou, and that is the biggest political layout in this country, and has a mortgage on Southern delegations in Republican national conventions.—Washington Post.

—Chauffeurs, using their employers' motor cars without the latter's knowledge and against the latter's wish, are private offenders who occasionally become public perils. The disaster on Ocean Parkway Sunday morning suggests that car owners who can't depend on the honesty of their chauffeurs should lock up their garages as a prudent man locks his wine cellar, when he has no confidence in his butler.—Brooklyn Eagle.

—Metcalf is a local politician of California, foolishly put in the Cabinet in the vain hope to keep his bellowing mouth shut. In the Commerce Department the government was seriously embarrassed by his political intriguing on the immigration exclusion question, and he was transferred to the navy. He has improved the opportunity of that post to brag about the big fleet he was going to send to San Francisco to defend it from Japanese coolies and bathhouse keepers. The man is unfit for office at any time, and dangerous at this time. The President should dismiss him and let California go Democratic and be hanged to it.—Minneapolis Tribune (Rep.)

—A National Democrat contributes to the latest number of the North American Review the strongest argument that has yet been made for the nomination by the Democratic party of a Southern man for President. He bases his claim upon the statement that, while the strength of the Republican party lies altogether in the North, the Democratic party is strong in both sections, and that while the latter is and has always been a national party, though the bulk of its electoral votes have in late years come from the South, "in sixty years no Southern Democrat has been elected to the presidency," and it is forty-seven years since that party has made a Southern man its candidate, McClellan, Seymour, Greeley, Tilden, Hancock, Cleveland, Bryan and Parker were all from the North. The party could not be beaten any worse with a Southern candidate than it was with Bryan or Parker. It might do better. At least it would break a precedent which has already existed too long and pave the way for a future campaign on broadly national lines.—Boston Herald.

TWINKLINGS.

—"The widower has ceased to pine." "How do you know?" "Can't you see he has begun to spruce?"—Puck.

"Henry if a bold, bad man should kidnap me, would you offer a reward?" "Don't you think he'd be entitled to a reward, M'ria?"—Houston Post.

—Her—You passed me on the street yesterday without looking at me. Him—If I had looked at you, I should never have been able to pass you.—Cleveland Leader.

—Tired Tatters—I saw de new moon over me left shoulder las' night, I wonder wot dat's a sign uv? Wearry Walker—It's a sign dat de nex' place youse ask for work youse'll git it!—Chicago Daily News.

—First Dame—Do you ever go through your husband's pockets in the morning? Second Dame—Huh! Catch me waiting until morning. I go through them before he goes out in the evening.—New York Weekly.

—Stella—So you kissed the young parson in the dark hall, thinking it was your brother. You must have felt awfully cheap when you discovered your mistake. Mabel—Cheap! Why, I felt like a Friday remnant at a Monday bargain sale.—Chicago News.

—Collier Down—Some women use idotic expressions. For instance, some women will rave about 'a duck of a bonnet.' Cutting Hints—That's proper. A duck has a pretty big bill attached to it, you know.—Boston Record.

—"Willie, did you put your nickel in the contribution box in Sunday School today?" "No, mamma, I ast Eddie Lake, the preacher's son, if I couldn't keep it an' spend it fer candy an' he gave me permission."—Denver Post.

Light Lunches for Hot Days.

Summer time is the season when light refreshments of some kind are needed almost every day for little trips and outings—to entertain casual guests and for luncheon on days too warm for heavy foods.

There are many summer time biscuit and wafers baked by the National Biscuit Company and packed in packages that keep out all dampness and dust of travel and absolutely preserve the original oven freshness of the contents. Among the most popular of these dainties are Social Tea Biscuit. They are so appropriate for many different occasions that a few packages in the house prepares you to serve a light refreshment without a moment's notice.

Social Tea Biscuit are a real food, but so light and unusual that they tempt the appetite and make a welcome accompaniment to luncheon, desert or dinner—a social cup of tea or cooling beverage.

Always serve Social Tea Biscuit from the original package, because then you are sure that no dust or dampness has reached them and that you will enjoy all their original freshness of flavor.

The Twins.

The Harmon twins looked so much alike as babies that their parents could scarcely tell them apart. As they grew older it became evident that to Grandmother Harmon at least the twins were a unit.

"You were asking me how much the twins weigh," said Grandmother Harmon to a neighbor. "When I went out that afternoon I put one of them on the scales at the grocery and found they weigh just twenty-six pounds."

"Do they always weigh exactly the same?" inquired the neighbor, and Grandmother Harmon looked quite impatient.

"The twins?" she said. "Of course; why not?"

The neighbor had no reason to give, but she rebelled a few days later when in answer to her inquiry Grandmother Harmon said:

"'Where are the twins?' Oh, they got a cinder in one of their eyes, and their mother has taken them down to the oculist's to have it removed, they were fussing so over it."—Youth's Companion.

Where Diners Had to Be on Time.

Closely parallel to the fag end of the Euston road and visible from it at various turnings is a street which belongs to few men's London. It is a dingy, granite paved, populous street of no attraction. Yet this street has known better times and eager guests. In the house he knew as 43, now obliterated by a big new warehouse, Dr. William Kitchener entertained his fellow wits and gourmets. He had ample means to ride his three hobbies, optics, cookery and music. His dinners were often elaborate experiments in cookery, and the guests had to recognize this fact. Five minutes past 5 was the minute, and if a guest came late the janitor had irrevocable orders not to admit him, for it was held by the mythical "committee of taste," of whom Kitchener was "secretary," that the perfection of some of the dishes was often so evanescent that "the delay of one minute after their arrival at the meridian of concoction will render them no longer worthy of men of taste."—T. P.'s London Weekly.

IT IS SERIOUS.

Some Wilmington People Fail to Realize the Seriousness.

The constant aching of a bad back.
The weariness, the tired feeling,
The pains and aches of kidney ills
Are serious—if neglected.
Dangerous urinary troubles follow.

A Wilmington citizen shows you how to avoid them.

J. E. Bloodworth, formerly residing at 30 South Front street and employed at 123 Princess street, Wilmington, N. C., says: "I used Doan's Kidney Pills and they have proven to be a valuable remedy and I believe I am safe in recommending them. My back and kidneys have given me great trouble. I thought I had rheumatism. I had shooting pains through my back and sides which often made me yell right out. If I stood, sat or lay down or kept in any one position for any length of time it was almost impossible for me to move on account of the great pain. I heard some one speak of Doan's Kidney Pills and sent to Bellamy's drug store and got a box. They completely removed the pains. They are without doubt a valuable remedy for backache."

For sale by all dealers. Price 50 cents, Foster Milburn Co., Buffalo, N. Y., sole agents for the United States.

Long Live The King.

is the popular cry throughout European countries; while in America, the cry of the present day is "Long live Dr. King's New Discovery, King of Throat and Lung remedies!" of which Mrs. Julia Ryder Paine, Truro, Mass., says: "It never fails to give immediate relief and to quickly cure a cough or cold." Mrs. Paine's opinion is shared by a majority of the inhabitants of this country New Discovery cures weak lungs and sore throats after all other remedies have failed; and for coughs and colds it's the only sure cure. CUTTER AGAIN IN PORT.

Seminole Arrived up From Southport Yesterday—Changes.

The United States Revenue Cutter Seminole, Lieutenant Chas. Satterlee, commanding, arrived up yesterday from Southport for the first visit since her recent trip North to do patrol duty in connection with yacht races. She will probably drop back to her Summer anchorage at Southport today. Later the ship will be ordered North for her annual overhauling and to have wireless installed on board.

The only change in the staff of officers since the Seminole was recently here is in the detachment of Lieutenant Farwell and his assignment to the training ship Itasca, which is now coaling at Baltimore and will proceed in a day or two for a practice cruise in the Mediterranean. Lieut. Farwell's successor on the Seminole has not yet been announced.

—Messrs. W. E. Yopp and J. W. Fleet are back from a two days' fishing sojourn on the wreck of the "Lynx" at Carolina Beach. The catch made an interesting exhibit for their friends in the city upon their return yesterday.

—The County Pension Board completed its work yesterday, adding one more soldier and two widows to the list of recommendations from New Hanover to the State Board. The list will be forwarded before the first of August. The list includes 98 soldiers and widows all told, an increase over former years on account of increasing infirmity among those entitled to pensions.

—The "Thaw-White Tragedy" is being reproduced by the moving picture theatre at the Casino, Wrightsville Beach. The sensational offering is being advertised quite extensively in the city. This is the film that was suppressed some time ago at the Bijou in this city but it will probably run its course at the beach as the exhibition is beyound the jurisdiction of the city authorities.

—A car load of watermelons that reached the city yesterday were condemned by Dr. A. H. Harriss, acting superintendent of health in the absence of Dr. Harper at Philadelphia. The melons were too long in transit and were shipped out of of town and dumped as garbage. They were received on consignment by a local dealer, the loss falling on the railroad company and shipper.

MURDER OF STEUNENBERG

Trial at Boise Will Close in a Short Time.

(By Wire to the Morning Star.)

Boise, Idaho, July 17.—The state of Idaho rests content with the evidence it has introduced to prove that William D. Haywood secretary and treasurer of the Western Federation of Miners, conspired to kill, and, therefore, murdered Frank Steunenberg, a former governor of the State. William Haywood, through his counsel, tomorrow will rest his case with the jury so far as evidence is concerned. Possibly some witnesses will be called in surrebuttal, but Haywood's counsel announce that the case may close without further evidence. Friday morning argument is expected, and the last stage of the trial will begin.

After dismissing the jury this afternoon Judge Wood stated that in his opinion evidence introduced by the defense to prove a conspiracy on the part of the mine owners, by showing the deportation of union miners from the Cripple Creek region of Colorado during the strikes of 1903 and 1904, was not material to the issue involved and should not be submitted to the jury. On the other hand he said, the showing by the State that Steve Adams was concerned in the killing of two men in the Coeur D'Alene region of Idaho, did not appear to the court to be germane and should be eliminated.

Another announcement by the court today was a determination to conclude the case within the next week.

THE RAILWAY FIGHT

(Continued from first page.)

"denounced" Judge Pritchard of the Federal Court for his course in the railroad rate cases were not true. What he did say was that the railroads had taken an extraordinary course by not allowing the case to go through the channels of the State courts from which they had the right of appeal if aggrieved; that with the light before him he was very much surprised that Judge Pritchard would issue the writs. The governor says the case is not one for "denunciation" or hot-headedness but for deliberation and cool judgment in protecting the State's rights and that he will do all in his power to execute the State law.

A Case at Charlotte.

Charlotte, N. C., July 17—T. J. Witherspoon, city ticket agent here of the Southern Railway Company, was today arrested for refusing to sell a ticket at the rate of two and a quarter cents a mile as provided by a recent act of the State Legislature. Witherspoon will be placed on trial in the recorder's court tomorrow.

The Asheville Cases.

Asheville, N. C., July 17.—The State authorities here have halted in their prosecution of the Southern Railway for selling passenger tickets at the old rate instead of observing the new 2 1-4 rate fixed by the last Legislature. Habeas Corpus proceedings were instituted before Judge Pritchard today for the release of the district passenger agent and the ticket agent here. Solicitor Brown told the court he had received a message from Governor Glenn asking that the cases be continued until counsel for the State could arrive, but subsequently he had been advised that the cases set for hearing in the police court today had been dismissed and moreover that the Southern's agents were only constructively under arrest, and that there was no one to be taken from jail. The cases were then dismissed and Judge Pritchard left for Raleigh at once to hear habeas corpus proceedings in the case of Agent Green, who was placed in jail last night.

Shortly after Judge Pritchard left the city today a warrant was sworn out for the arrest of J. H. Wood, district passenger agent, who was released earlier in the day, and O. C. Wilson, depot ticket agent, on the same charge, and both officials were arrested and confined in the Hotel Berkley, in charge of Deputy Sheriff Williams. Police Justice Reynolds states that the cases will be tried tomorrow. There is no judge of State or Federal court here to grant relief.

DEATH OF NOTED INDIAN

Was Special Friend of Late Senator Matt Quay.

(By Wire to the Morning Star.)

Washington, July 17.—Andrew John former president of the Seneca Indian nation, died of cerebral hemorrhage today at the emergency hospital here to which institution he was removed yesterday. The twenty-odd years which the Indian chief spent in Washington made him a familiar character in this city, particularly at the capitol and the Interior Department, where he looked after the interests of his tribesmen. During his long residence here Andrew John came to know the late Senator Quay, of Pennsylvania, who claimed to have a strain of Indian blood in his veins, and this acquaintance ripened into a warm friendship. It is probable that the body will be buried in the Congressional Cemetery here.

President Small of the Telegraphers' Union will leave San Francisco today for Chicago. He says there are not enough telegraphere to fill the positions in San Francisco and there is no worry about strikebreakers.

NOTED SCIENTIST DEAD.

Prof. Heilprin Who Investigated Eruptions of Mt. Pelee.

(By Wire to the Morning Star.)

Philadelphia, July 17.—Professor Angelo Heilprin, the noted scientist, who made his home in this city, died today at the home of his sister, Mrs. Adolph Loveman, in New York city. Professor Heilprin had been ill for eight weeks with a tropical fever he contracted in South America some years ago. He was 54 years of age and a bachelor.

Professor Heilprin was born in Satoralja-Ujhely, Hungary, in 1853. When he was three years old his parents moved to this country. He was educated in Europe and made a special study of natural history.

He was for five years president of the Geographical Society of Philadelphia and was leader of the Peary Relief Expedition in 1892. He was one of the foremost authorities on geology in this country and has written many books on the subject.

Professor Heilprin made his most famous scientific investigation at the eruption of Mt. Pelee, Martinque, in 1902, and he ascended the Mt. Pelee volcano under great danger as the eruption was then belching molten lava and stones.

Professor Heilprin arrived at the edge of the summit crater at half past one and remained there for four hours. When he descended he resembled a statue of mud. The weight of ashes and mud he carried on his person, the horrible atmosphere he breathed and the fearful difficulties he encountered reduced him to a condition of extreme fatigue, notwithstanding the fact that he ascended Mt. Pelee from the most accessible and easiest side.

VALUE OF RAILROAD PROPERTY.

Governor Smith, of Georgia, Wants Value Raised.

(By Wire to The Morning Star.)

Atlanta, July 17.—Governor Hoke Smith, in a special message to the Legislature today, asks an enactment to fix the value of corporate property within the State as a basis for taxation. He calls attention to the fact that when the valuation returned by a taxpayer is not acceptable to the comptroller, a plan of arbitration is provided, but the arbitrators, under the present law, are not sworn and have not the power to administer the oath to witnesses.

He calls attention to the fact that the Central of Georgia Railroad and the Southern Railway have made returns on the valuation of their tangible property within the State, the former at less than one-half the amount which the company officials declared on oath in a judicial hearing was its value, and the latter at one-third such amount. He urged that the taxation should be on such valuation as these or other corporations are allowed to maintain in a court of law. The Southern Railway, he declares, is resisting a valuation of $26,000,000 on its property in Georgia, when an officer of the road at a recent hearing in the Federal Court swore that the property is woth not less than $48,150,000. The Southern returned the property for taxation at $14,884,923 in 1907.

LYNCHING IN OKLAHOMA.

Negro Shot to Death for Murdering Conductor.

(By Wire to The Morning Star.)

Osage, Oklahoma, July 17.—Frank Bailey, a negro, was lynched by a mob consisting of 150 men and boys here last night after he had shot and mortally wounded Frank Kelly, a brakeman on the Missouri, Kansas and Texas Railroad. Kelly had ejected the negro from the train in the afternoon. The negro hid in the yards and as the train upon the top of which Kelly was standing, passed, the negro shot him. The negro was caught an hour later. A mob formed and overpowered the two officers who had Bailey in custody and hanged him to a telegraph pole.

He will stop there en route from the East to the Pacific coast whence he will sail from Seattle, Wash., on September 10th, for the Philippines. A number of other speeches are to be made by the Secretary on this trip but the dates and places have not been finally determined on.

ASSASSIN IS UNBALANCED

Man Who Fired at French President Has Delusion.

(By Wire to The Morning Star.)

Paris, July 17.—An investigation into the life history of Leon Maille, the naval reservist who fired two revolver shots at President Fallieres on the streets of Paris last Sunday, leaves no doubt that the man is unbalanced mentally. Furthermore, he has been a victim of alcoholism for years. He is possessed of the mania of persecution, and fancies that the state should restore to him his identity, of which he was robbed at his birth.

—Asheville, July 15: Mention was recently made of the installation in the First Baptist Church, in this city of an accousticon, an instrument designed for the benfit of persons afflicted with deafness. This was the first accousticon installed in any church in the South. Yesterday morning a prominent visitor to Asheville, a lady of middle age, listened to a sermon for the first time in her life. This lady has been deaf from childhood, and consequently denied the privilege of hearing. She had never heard a word preached and knows not the sound of her pastor's voice. A friend suggested that she attend service at the First Baptist Church and make use of the suggestion. She accepted the suggestion and yesterday morning heard Rev. Dr. William Lunsford. She was almost overcome with joy, and last night was again present at the evening services.

—Durham, July 9: Quite a mystery developed at Lakewood Park, owned by the Durham Traction Company, late this afternoon when the body of a white man who proved to be Charles T. Oakley, whose home was in Orange county and who has been at work for the Singer Machine Company of this city, and was also collector for the W. W. Murray Music Company, this city, for some time in the past. Oakley reached here last Saturday was stopping at the Balti-more hotel. He transacted some business matters with the W. R. Murray Company on Saturday and spent Sunday and yesterday up to noon at the hotel. Yesterday he ate a hearty dinner and walked up the street reservng his room at the hotel. That was the last seen of hm. The body was floating in a standing position. When taken out there was found a cut over one eye, bruises about the face and nose, and abrasions of the skin on both hands and one wrist. This seems to indicate that there was foul play. Yet it is known that he was despondent on Saturday, was financially embrasser had to meet cehtain obligations with both the Murray Company and the Singer Machne Company that were impossible to meet at the time. However, he had some money with him yet it cannot be found that he spent a cent since then, not even paying his hotel bill and when found he had three cents in his pocket. Oakley comes from an Orange county family. His mother, one brother and one sister are living. He was about 27 years of The body will be taken to Orange county tomorrow for burial.

—In Ironton Township Lincoln county, Sunday afternoon, Price Ramsaur, colored, shot and killed his uncle John Briggs, who was protecting Charley Ramsaur from his brother. The murderer was endeavoring to kill his brother.

—Salisbury, July 16: Henry Isenboro, a negro car-coupler in the yards here, was instntly killed today at 12:32. He had jumped off the switch engine and started across the tracks when he was struck by a passenger train. His neck was broken and his skull crushed. He had a family.

—Mount Airy, July 16: Our city power plant is being fully developed now and much machinery has been hung to that wonderful water-power In a short time the entire power of the Ararat river will be used in driving machinery and for lights. When this great power is exhausted there are other nearby streams that can be harnessed.

—Wadesboro Ansonian: On the line between Anson county and Chesterfield, S. C., Sunday afternoon, Gus, the young son of Mr. Ad Moore, was severely cut about the throat and side by Will Jones. It seems that Moore was fussing with a brother of Jones when the latter ran up and cut him. Jones is the young man who cut a Mr. Griggs near McFarlan recently. He will have a hearing at Cheraw, S. C.

—Salisbury, July 16: The greatest surprise marriage of many years was that of Miss Nora Crawford, of this city, and Leon Ernest Seay, of Charlotte, the gifted artist, which was quietly celebrated here at 9:30 o'clock this evening in the Methodist Church. The marriage marks the close of a remarkable romantic courtship covering a period of 16 years of unbroken devotion, discounting Rebecca and Isaac.

—Winston-Salem, July 16: George Washington, a white man 32 years old, was killed by a street car near Nissen Park at 9 o'clock. He was drinking and was lying down on the track. The motorman saw him when only a few feet away. He applied the brakes and reversed his car, but not in time to prevent the accident. The coroner's jury attaches no blame to the motorman or street car company. Washington was employed by the R. J. Reynolds Tobacco Company. He was married and is survived by a wife and three children.

—Darlington, July 16: H. G. Kime's sale stables was a scene of activity yesterday when it was learned that one of Mr. Kime's best horses was at the bottom of a well of water. The groans of a horse were heard by those seated near the front of the stable and upon investigation it was found that the animal was in an old unused well at the rear of the stable, struggling to keep his head above water. A rope was secured and a man went down and held the horse's head out of the water until other ropes were secured and placed around the body of the horse, when he was drawn out uninjuried. It is thought the horse jumped a low fence, landed on the plank cover of the well, which gave way under the weight.

—Mount Airy, July 16: The block of granite which broke down the car on which it was being transported, near Winston-Salem last Saturday afternoon, was sent out from the granite quarries at this place. It is a beautiful solid granite column, called the "big paper weight" weighing 58 tons or 116,000 pounds. The rock was 37 feet long and was about 4x5. This fine specimen of granite will be placed on exhibition at Jamestown and will, no doubt, attract much attention. It is a remarkable fact that this fine rock can be cut to almost any shape and size and can be safely transported by rail to any point of the compass. The rock was nicely dressed and a banner erected over it on the car, giving a description and telling all about its size and weight.

—Charlotte Observer, July 16: Chief of Police W. S. Orr will tomorrow issue a warning to dealers in ice cream that any delivery of ice cream on Sunday, hereafter, no matter when the order was placed, will be construed as a violation of the Sunday observance laws of the city and punished accordingly. This is the latest step in the determination of the city authorities that if Charlotte is to have a restrictive Sunday law, she shall have one and not a farce. It is argued that it is no more harm for a saucer to be sold than a gallon, hence the law will be made to apply all around. Charlotte will be good next Sunday, after the very strictest fashion. Meanwhile, those who must have their coca-cola can do as the far-seeing ones did last week—lay in their supply Saturday night.

IT IS FOR LADIES, TOO.

They Can Stop Their Hair Falling Out With Herpicide.

Ladies who have thin hair and whose hair is falling out, can prevent the hair falling out, and thicken the growth, with Newbro's "Herpicide." Besides, Herpicide is one of the most agreeable hair dressings there is. Herpicide kills the dandruff germ that eats the hair off at the root. After the germ is destroyed, the root will shoot up, and the hair grow long as ever. Even a sample will convince any lady that Newbro's Herpicide is an indispensable toilet requisite. It contains no oil or grease, it will not stain or dye. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

THE COTTON MARKET.

(By Wire to the Morning Star.)

New York, July 17.—The cotton market was more active and showed continued firmness, taking the day as a whole, with the close firm, net unchanged on July and 15 to 19 points net higher on other months. Sales for the day were estimated at 300,000 bales.

The opening was steady at an advance of 1 to 4 points on near months which were influenced by higher cables than expected to a decline of 1 to 3 points on later positions. Shortly afterward the general list eased off under realizing and scattering pressure which was encouraged by continued favorable weather in the South but after showing a net loss of about five to seven points, the market was rallied by a renewal of demand from leading bears and buying by Southwestern bull interests. Toward the close the market became firmer and more active on a more general demand, with last prices only a point or two off from the best. This advance followed a circular from the bear leader quoting a bearish opinion of the crop by a prominent Southerner which was taken to indicate that leading bears were becoming uneasy and wanted to cover. Some of the local professionals have been buying on soft spots all the week, and any indication that the leading bears are trying to reduce their lines seems to attract a considerable demand in anticipation of a renewal of bull movement. Private crop news was more or less conflicting, and some very bullish reports are being received from Texas. Southern spot markets were unchanged to 1-2c higher.

Receipts at the ports today 1,513 bales against 2,699 last week and 2,811 last year. For the week 15,000 bales against 15,802 last week and 25,197 last year. Today's receipts at New Orleans 862 bales against 1,360 last year, and at Houston 687 bales against 256 last year.

Spot cotton closed steady; middling uplands 12.95; middling gulf 13.20; sales 91 bales.

JAPAN SCOOPS HERMIT KINGDOM

Cabinet of Empire of Korea Yesterday Demanded Abdication of Emperor.

HE PUT HIS FOOT IN IT

Thought Korea Was Independent Nation and Sent Delegates to The Hague Without Asking Japan. United States Drop Out.

(By Cable to the Morning Star).

Seoul, July 17.—Following a cabinet meeting yesterday which lasted four hours, the premier had an audience with the Emperor in the evening continuing for three hours. It has transpired that the premier made a strongly worded representation of the gravity of the situation caused by his majesty's sending a delegation to the peace conference at The Hague. He boldly pointed out the necessity for the Emperor's abdication in favor of the crown prince, and of his proceeding to Tokio and apologizing to the Emperor of Japan. The Korean Emperor made no definite reply.

On retiring from the palace, the premier immediately called another cabinet meeting which lasted until 2 o'clock this morning. The cabinet is determined definitely to decide on Korea's attitude today, or by the time of the arrival of Viscount Hayashi, Japanese Foreign Minister. It is believed that the Minister will insist upon the abdication of the Emperor at all risk.

The Il Ching Hoi Progressive Association, which is supporting the present cabinet, has officially applied to Marquis Ito to help save Korea from the grave consequences of the Emperor's action against Japan.

It is reported that the Emperor has withdrawn 400,000 yen deposited in the Bank of Shanghai.

It is not considered likely that the Emperor will yield to the demand for his abdication without a struggle.

Means Scoop by Japan.

Tokio, July 17.—Although Korea is under an absolute monarchy, the democratic custom has existed since olden days of demanding the retirement from the throne of a sovereign whose conduct endangers the national welfare. When such an occasion arises, the usage prevails that although the cabinet Ministers shall appear before their ruler, one, acting as spokesman, humbly states the advisability of the Emperor's retirement in favor of a rightful successor. When this stage is reached, the Emperor is morally bound to abdicate.

The request made by the premier of Korea apparently is the beginning of the end of this ancient Empire and the inauguration of a closer control by Japan than that she has exercised since the treaty of Portsmouth recognized her predominant influence in the Hermit Kingdom as one of the fruits of her victory over Russia. For a long period Korea was under the suzerainty of China, but in 1894-5 Japan drove China out of the peninsula and Korea enjoyed a brief period of independence. In 1904 Japan stepped into Korean affairs with assurance of safety, independence and territorial integrity but since that year the Japanese influence has grown in extent and power until finally today Korea faces, in the abdication of the present Emperor, the final extinction of her claims to recognition as an independent state, for the installation of a nominal Emperor, selected by the statesmen of Japan, seems to indicate that Korea is to come wholly and entirely under the sway of the Japanese.

Not Our Funeral.

Washington, July 17.—It is not seen here how American interests can be adversely affected by what has taken place in Korea, for although certain Americans are in possession of concessions for railway and mining exploitations in that country, it is assumed that Japan will faithfully regard such obligations in the event that she comes in to control of the country. It is true that by treaty, the United States at one time undertook to guarantee the integrity of Kroea but in recent years it has been held that the development of affairs in the East have absolved America from that obligation.

BLUE AND GRAY ASSOCIATION

Gen. Julian S. Carr, of North Carolina, Re-elected Commander.

(By Wire to the Morning Star.)

Norfolk, Va., July 17.—At today's session of the National Association of the Blue and the Gray at the Jamestown Exposition, the old officers, including General Commander Julian S. Carr, of Durham, N. C., were re-elected with one exception, this being in the case of Rev. Henry Byron, of Connecticut, who declined to serve again as chaplain general. In his place was elected Rev. Dr. Calvin S. Blackwell, of Norfolk.

The features of today's session were an address by Rev. Dr. Blackwell, one of the leaders of the Southern Baptist convention, and the adoption of resolutions offered by L. L. Parham, of Tennessee, strongly endorsing the attractiveness of the Jamestown Exposition and commending it to "all comrades of either army of the civil war, and to all others."

The association accepted an invitation from Principal H. B. Frizzell, of the Hampton Normal and Agricultural Institute to visit that school.

Chaplain General Byron presided in the absence of General Commander Carr, who sent a telegram of regret.

St. Petersburg, Florida, was selected on the first ballot today as the next re-union city of the blue and gray veterans.

LOOKS GLOOMY FOR PROF. HAU

Professor in George Washington University Evidently Killed Rich Mother-in-Law.

NOW ON TRIAL IN GERMANY

He Made Poor Showing in Court Yesterday—His Wife Committed Suicide Because She Believed He Murdered Her Mother.

(By Wire to The Morning Star.)

Karlsruhe, Germany, July 17.—A case that has attracted attention in two continents came up for trial here today, when Karl Hau, formerly professor of Roman law in George Washington University, Washington, was brought before the bar on the charge of having murdered his mother-in-law, Frau Molitor, a wealthy resident of Baden Baden, in that city on November 6 last.

The selection of a jury occupied only ten minutes, after which the presiding judge put Hau through a searching examination that lasted several hours. Hau was unable, or unwilling, to explain many of his actions, with regard to which the prosecution has pursued a careful investigation, such as the wearing of disguises and their secret disposition, and the sending of telegrams to himself. He declined to explain his connection with a telegram asking his wife's mother to come to Paris, and refusing also to answer various questions regarding his domestic relations, although repeatedly warned by the judge that he was jeopardizing his case.

Altogether the testimony today was considered very unfavorable to the defendant, the judge himself declaring that one provision of the will left by Hau's wife, who recently committed suicide, which he read, and which provided that her little daughter should assume another name, indicated that Mrs. Hau was convinced of her husband's guilt.

Olga Molitor, who was with her mother when the murder was committed, told of the shooting which was done by a man who ran away so quickly that she was unable to recognize him in the dark. The collar of the man's coat was turned up, but the coat was recognized as one similar to that worn by Hau. She did not see the man's face. This witness who has been mentioned as having had relations with Hau that caused jealousy on the part of Mrs. Hau, gave an emphatic denial to such reports.

Various other witnesses testified to having recognized Hau in the false beard that he wore at times.

LAST OF BOB FITZSIMMONS.

Knocked Out by Jack Johnson in Second Round.

(By Wire to the Morning Star.)

Philadelphia, July 17.—Jack Johnson stopped "Bob" Fitzsimmons in the second round of a six round bout before the Washington Sporting Club tonight. Fitzsimmons did not show a trace of his former prowess and it is probable that Johnson could have stopped him in the opening round if he had cared to do so. Blow that put Fitzsimmons out was a light right to the jaw. The old man fell to the floor and as he made no attempt to rise, the referee stopped the bout. The hissing which usually follows knockouts of this character was absent, the spectators evidently taking compassion on the former pugilistic star.

Referee Keenan refused to act in the ring because he had heard that Fitzsimmons had a badly sprained arm. The manager of the club entered the ring and watched the uneven match.

In the opening round Johnson tapped Fitzsimmons when and where he chose but the latter was unable to even land his famous counters.

DESERTIONS FROM WARSHIPS.

One Hundred Men Have Left Battleship Minnesota.

(By Wire to The Morning Star.)

Norfolk, July 17.—That there are wholesale desertions from warships in Hampton Roads, is indicated that in the past few weeks 100 desertions have been listed and advertised from the battleship Minnesota alone.

The local police were notified of 15 desertions. The lists are coming almost daily.

Washington, July 17.—It was stated at the Navy Department tonight that there was no official information there regarding wholesale desertions from the Minnesota. Captain Hubbard, of the Minnesota, was at the Navy Department today but made no report on the subject. The Department has several times investigated reports regarding desertions at that port, but, according to the Department, without finding the situation very serious.

SWEDISH PRINCE COMING.

Grandson of King Oscar Will Visit Jamestown Exposition.

(By Wire to the Morning Star.)

Norfolk, July 17.—Elaborate preparations have been made by the Jamestown Exposition Company for entertainment of Prince Wilhelmina second son of Crown Prince Gustave, and gradson of King Oscar of Sweden, when the prince arrives in Hampton Roads on the Swedish cruiser Fylela, August 19th.

The official reception with the navy participating, will continue for three days. Following the function at the Exposition, the Prince will go to visit President Roosevelt at Oyster Bay and then go to New York, Providence and Newport, R. I. The Swedish cadets will go from here to Washington.

TARIFF REVISION GETS BLACK EYE

President Roosevelt Gives No Encouragement to Lessning Burden an People.

SOP FOR REVISIONISTS

Effort to Make Them Believe Relief Will Be Given But Not Till After Next Presidential Election. Cannon's Boom.

(By Wire to The Morning Star.)

Oyster Bay, L. I., July 17.—President Roosevelt, Senator Hopkins of Illinois, and H. E. Miles, representing the Wisconsin Tariff Revision League, discussed the subject of tariff revision at luncheon at Sagamore Hill today. Senator Hopkins on leavving Oyster Bay said that the conclusion was reached that no tariff revision should be undertaken until after the next Presidential election.

"It would be suicide to the Republican party," the Senator added, "to undertake a revision of the tariff during the next Congress. After the Presidential election, I believe it will be the duty of the Republican party to revise the tariff and that it will be done."

Mr. Hopkins' remarked that he believed such an argument would appeal to and be accepted by the Republican revisionists in all parts of the country.

Mr. Hopkins had a very enthusiastic word to say regarding the Presidential boom of Mr. Cannon, He said:

"Of course, if President Roosevelt was acandidate there would be not the slightest opposition in the convention to his nomination. But I am thoroughly covinced that Mr. Roosevelt will not consider the nomination, that he is entirely sincere in declaring himself not to be a candidate under any circumstances. Speaker Cannon will have the entire Illinois delegation solidly behind him and I thoroughly believe that if nominated he would make the best race of any man the Republican party could put forward."

General Morteza, the Persian Minister to the United States, today performed the duties for which he has been made a special Embassador by personally notifying President Roosevelt of the accession to the Persian throne of Mahammed Ali, Shah. General Morteza was taken to Sagamore Hill in the government automobile.

ROANOKE RIOTERS ARRESTED

Mayor Cutchin Dislikes Attitude of Aldermen.

(By Wire to The Morning Star.)

Roanoke, Va., July 17.—The special grand jury ordered by Judge John W. Woods to investigate the rioting of last Saturday, when a mob smashed all the Greek restaurants in town, adjourned this evening after finding twenty indictments. The jury will meet again on Wednesday of next week. Twelve of those indicted have been arrested as follows: Robert Crawford, J. F. Lester, Robert Bell, George Phillips, U. E. Bergendahl, Thomas Divers, J. C. Puckett, James Taylor, Charles Chafin, Henry Stone, William Holcomb and James Ferguson.

Of this number the first four named were arrested during or soon after the rioting. The Corporation Court is in session and it is likely the cases will be tried at this term.

Mayor Joel Hoolmon Cutchin today issued a call for a mass-meeting of the citizens for tomorrow night for the purpose of raising money necessary to pay the damages suffered by the Greeks. Last night in the meeting of the board of aldermen when Mayor Cutchin's request that the matter be at once settled was referred to a committee, the executive told the body that he had been humiliated and that he was not as proud of his office since seeing the line-up of the aldermen.
